KÆRE

alle jer på skolerne, der skabte
og bar Nytårskoncerten 2010

Det er nu en måned siden, at vi alle tilsammen skabte og gennemførte Nytårskoncerten 2010 – Jubilæums-koncerten.

Mindst 2000 mennesker gjorde disse tre fantastiske dage mulige. Næsten 400 musikere spillede og sang og dansede og optrådte for os på højeste professionelle niveau og i samarbejde med en masse af os amatører. Stemningen var mellemfolkelig og folkelig i ordets bedste forstand, fra alle kontinenter kom de, udfordrede hinanden, inspirerede hinanden, spillede sammen og for hinanden og for os alle sammen – det var i sandhed en fest.

Og det kunne kun lade sig gøre, fordi alle, der gjorde en kæmpeindsats uden for scenen, før koncerten, under koncerten og rundt omkring alle de optrædende og publikum, arbejdede utrætteligt i dagevis, for at alt skulle matche koncertens indhold og sikre, at den faktisk kunne finde sted:

at de optrædende kom derhen hvor de skulle til tiden

at de alle havde et sted at bo – hvor mange åbnede deres hjerterum og egne boliger for at give gæsterne husly

at de mange gæster fra hele kloden fik varmt tøj, dejlig mad, og mødte en gæstfrihed, de aldrig glemmer

at alt omkring prøverne og 260 musikers ophold i og omkring Tvind, bl. a. på Bustrup, blev afviklet med 110% præcision og i god og varm stemning

at alt omkring prøverne i København blev afviklet smukt og præcist, og at gæsterne fik lært noget af Danmark at kende og oplevede at lege og more sig sammen med jer

NYTÅRSKONCERT TVIND 2010
SILVER JUBILEE

at Forum Horsens blev gjort klar til koncert i tre dage, med scene, teknik til belysning og lydforstærkning, teknik til video, projicering, scenografi, scenefolk, der vidste hvor alting skulle stå til hver en tid, omskiftning af salene, indretning af de små picnicconcerter, flytning af instrumenter og podier, osv. osv. osv.

at borde blev stillet op og dækket med flotte farver, dekorerede lysestager, bordkort, planer for hvor alle skulle sidde

at vi fik velkomstdrink ved ankomsten og kunne nyde en spændende og meget flot udstilling om Jule- og Nytårskonserter gennem de 24 forgangne år

at kaffen og teen om fredagen blev fremstillet og serveret med La Glace-kager, bagt af jer i samarbejde med konditoriet

at festmiddagen blev fremstillet, serveret af tjenere i flotte farver, som også overrakte hver gæst jubilæums-bogen

at deltagere og lærere fra Tvind bidrog både praktisk og kunstnerisk til Dreigroschenoper samtidig med at have de mange musikere at tage sig af samt mange andre opgaver

at deltagere og lærere i det hele taget påtog sig enorme opgaver både praktisk og kunstnerisk hele vejen igennem, f. eks. de meget smukke malerier inde i hal 2 og papegøjerne, der gav den lille foyer sit navn

at der blev holdt rent overalt i Forum under hele koncertforløbet

at garderoberne blev passet

at kaffe blev brygget og udleveret i kiloliteris

at der blev sørget for, at alt foregik sikkert og trygt

at alt dette og meget mere blev udført – ingen nævnt, ingen glemt – og tilsammen skabte de rammer, der skulle til og den stemning, som hele det store jubilæumskoncertprogram trivedes så godt ved. Musikken blev bedre, de optrædende blev bedre, vi blev alle bedre af det.

TAK TIL ALLE - OG PÅ GENSYN NÆSTE ÅR!

DEAR

all of you at the schools, who
created and carried through
the New Year's Concert 2010

More than a month ago we made the New Year's Concert Tvind 2010 – the Silver Jubilee Concert – happen.

More than 2000 persons made these three fantastic days possible. 400 musicians played and sang and danced and performed for us at the highest professional level and worked closely together with a lot of us amateurs. The atmosphere was truly inter-human and popular in the best sense of that word. From all continents they arrived, inspired each other, played together and for each other and for all of us – it was truly a great celebration.

All of this could only happen because every single person, who added giant efforts outside the stage, before the concert, during the concert and all around the performers and the audience, worked tirelessly for days and weeks in order to live up to the contents and quality of the concert and make sure that it actually could happen:

that the performers always arrived where they were supposed to be – on time

that they all had a place to stay – with hosts opening their hearts and living quarters to give shelter to the guests

that the many guests from other continents were given warm clothes, delicious food, and experienced a hospitality they will never forget

that everything surrounding the rehearsals and 260 musicians' stay in and around Tvind, also in Bustrup, was carried through with a precision of 110% and in a good and warm atmosphere

that everything surrounding the rehearsals and the concert in Copenhagen was done beautifully and precisely

NEW YEAR'S CONCERT TVIND
SILVER JUBILEE

and that the guests learned a little about Denmark and experienced playing and having fun together with you

that Forum Horsens was made ready for a three days' concert, including stage, technique for lighting and amplification, for video projections, set design, and a stage crew who knew where everything was supposed to be at any given time during the program, changing of the halls, making the venues ready for the small picnic concerts, moving instruments and podiums, etc. etc. etc.

that tables were put up and decorated in fabulous colours, with inspired decorative candlesticks, place cards, and plans for where to seat every single person

that we were welcomed with a drink and enjoyed an exciting and impressive exhibition of the Christmas and New Year's Concerts through 24 years

that the coffee and tea Friday afternoon was served with cakes a la La Glace, prepared by you in close co-operation with the famous tearoom in Copenhagen

that the gala dinner was produced, and served by waiters in nice colours, who also presented every guest with a copy of the 25 years' jubilee book

that students and teachers from Tvind contributed substantially to the performance of the Threepenny Opera, while at the same time taking very good care of many musicians plus a lot of other tasks

that students and teachers altogether took upon them enormous tasks, practical as well as artistical, all the way through, for instance the beautiful paintings in hall 2 and the Parrots, who named the foyer where six picnic concerts took place

that Forum Horsens was kept totally clean throughout the three-day concert

that the cloakrooms were taken meticulous care of

that coffee was brewed and delivered in hundreds of liters

that care was taken, so that everything took place safely and confidently

that all this and a lot more was done – no one mentioned, no one forgotten – and that all this added up to creating the framework needed and the good atmosphere, which was a substantial factor on which the large jubilee concert program thrived so well. The music became better, the performers became better, we all became better because of it!

THANK YOU ALL - AND SEE YOU NEXT YEAR!
